Ms Stomper style tends to run slightly small and slightly narrow with respect to a ladies' dress shoe size. Therefore you may need a half size larger than your normal size. And if you ever take a wide, you are likely to need a wide in these. They also come in extra wide width for mid-range sizes. Ms Stomper features a fitted toe. If you need a roomier toe, you may wish to order a half size larger shoe. Our downloadable foot sizing graphics are available on the web site.

International customers may refer to the table above for *approximate* sizing information. Please keep in mind that sizes may vary between manufacturers within countries.

*A reinforced arch shoe is not suitable for doing Toe Stands. You need, instead, a flexible arch shoe.
